

Run for Woman, Life, Freedom!

There is a women-led revolution happening in Iran. The chant "woman, life, freedom" stands for women's liberation and a free democratic Iran.

The surplus is primarily used to highlight and spread the message of women, life, and freedom via billboards. The remaining funds will be distributed to other "I RUN FOR IRAN" events around the world. The goal is also to raise enough money to donate a portion of it to Amnesty International.
